

openMDM SC Call 2021-02-03

Attendees: Ulrich Bleicher (BMW), Gert Sablon (Siemens), Stefan Wartini (Müller BBM), Ralf Nörenberg (HighQSoft), Hans-Jörg Kremer (Peak Solution), Florian Schmitt (Atos), Angelika Wittek (Toolkit Manager), Michael Plagge und Paul Buck (Eclipse Foundation), Hans-Dirk Walter (Karakun)

Minutes: Hans-Dirk

Topics:

Charter Change

- required because of the move of Eclipse from US to Belgium changing the legal form to an AISBL
- Paul leads through the changes (see mail of Sharon)
- since at some organisations internal review is still ongoing voting has to be postponed.
- Vote by email to sc mailing list - not later then February 19th - approval required latest Februar 26th 2021.

Organisational stuff:

- in order to let Eclipse mailing lists work properly members of a mailing list need to own a personal Eclipse account and should use the same mail address they specify in their profile as they want it to be included into the mailing list.

openMDM future discussion

- Reminder: discussion about openMDM future will take place as an online session at March 11th, 13.00.
- All current and former members are cordially invited to join and engage into the discussion.

Decision about where to move the openMDM repository:

- options are: Gitlab (located Switzerland) or GitHub (locate in US)
- current repository will be set to deprecated at March 2021 and will be end of life 2022.
- recommendation: postpone decision and stay with current repository

Next SC-Call:

- 17.03.2021 15:00 - 16:00
