Minutes openMDM-SC-Call 06.11.2019

Participants: Angelika Wittek (PL openMDM-BL), Ulrich Bleicher (BMW), Gert Sablon (Siemens), Matthias Ebeling (Daimler), Josef Hobelsberger (Müller BBM), Ralf Nörenberg (HighQSoft)
As guest: Hans-Jörg Kremer (Peak Solutions)
Excused: Ralph Müller (Eclipse Foundation), Andreas Riexinger (openADx)

- Introduction to OpenAdx (Andy Riexinger): postponed to next SC-Call due to unavailability of Andreas Riexinger.
- Thoughts about a Cooperation between OpenADx and openMDM (Hans-Jörg): postponed to next SC-Call (same reason)
- Cooperation between OpenADx and openMDM (all): postponed to next SC-Call (same reason)
- Status demo environment / Docker (Hans-Jörg)
  - Configuration of an openMDM5-Stack as Docker container is done (Derby-DB, two instances of ODS-Server, elastic search)
  - NVH-example data available, crash data still open
  - final three steps: deployment on Azure cloud, testing, and user documentation still open
  - Eclipse Foundation needs to communicate contact person for Azure cloud deployment.
- Status Dev Team, Contributions, Milestones, Release (Angelika)
  - new contracts for Angelika and developer out (run until end of 2019).
  - currently milestone 6 of release 5.1 is under way (translation of REST-API documentation to de-facto documentation standard partially done).
  - preparation of milestone 7 (contribution by Peak Solution for MTU), and milestone 8 (contribution by Peak Solution for BMW).
  - Goal: Release 5.1 this year
  - Announced contribution by *ATOS for customer Daimler* will be part of milestones of release 5.2
- Attendance at the ASAM Conference (all)
  - Hans-Jörg and Hans-Dirk will attend.
  - Hans-Jörg proposed to create an own openMDM5 flyer (in addition to the Eclipse automotive working groups flyer).
  - Angelika will set up a follow up call to discuss openMDM5 flyer for next week.
- Next SC call will be on Dec. 4th, 14:00 - Benjamin Engel (ASAM) will be invited as well.
- Additional remark: Tata has created a bugzilla issue asking for advice how to install openMDM5. Angelika will call them next week to discuss their needs.
