The future of "Automotive@Eclipse"

Open Discussion: Strategic Goals & Market Positioning

› What is **YOUR goal** for Automotive@Eclipse? Where do you see **YOUR contributions**?

› Where do you see **opportunities** for Open Source in the Automotive domain?
› What features / projects / topics / working groups are missing?

› How can we strengthen the **strategic positioning** of Automotive@Eclipse?
› How to achieve **growth** with Automotive@Eclipse in a challenging economical environment?

› How can we setup a sustainable **funding** (money and/or man power) of the Automotive Working Groups in these challenging times?

› How can we improve our **organizational setup**?
  › Should we work and present ourselves as "one big community" (with different focus areas)?
  › Should work as "loosely coupled communities"?
