Benefits: Optimization (trimming) and empowerment of the automotive world.
2. RELEASE REVIEW
3. RELEASE PLANNING V0.8 IN GITLAB
1. Allow fast forward merges rather than merge commits
2. Is a direct push to developer / feature branches possible?
3. Can committers become maintainer for the project?
4. Can AC and SC members become maintainer for the project (permissions: https://docs.gitlab.com/ee/user/permissions.html)?
5. Is an assignment of non-members to an issue possible?
6. How do I create epics?
7. The creation of a documentation page fails (error 503 GitLab is currently not available). Which permissions are needed to create such a page?
