- NovaSuite - mapping
- ObjectEngineering's tool - XPDL
- Acceleo – MDA, DSL

Projects / Contributions interesting for Desktop / Preview:

- AgilPro Simulation Desktop (Preview)
- TIBCO Business Studio (Time & Costs)

Projects / Contributions interesting for WAM:

- jBPM (jPDL, BPEL)
- Bonita (XPDL)
- Orchestra (BPEL)

Administrative things

- Creating JWT Homepage (Marc, Florian)
- Sending mails to engine providers and ask for contribution?

Resources (how many, what for)

- OpenWide SA
 - 1 full time resource
- University of Augsburg
 - currently 2 research assistants and 6 students working on AgilPro
 - in the future 1 research assistant and 2 students for WE and Desktop (since to fluctuation of employees, hopefully getting better in a few months again)
- eMundo GmbH
 - 1-2 students Desktop & WAM
- Bull SA
 - 1 resource full-time, 1-2 students on WE
- TIBCO corp.
 - contribute some month to the whole architecture (depends on other stuff)
 - 10 guys in the department

Resources (how many, what for)

- ObjectWeb / SCOrWare
 - 3 man month to architecture of JWT (Obeo)
 - demonstrator & „exotic services“, non-web services (INRIA 4 man month, OpenWide SA)
 - Dissemination, coordination, etc. (OW2)
 - 2 man month (Amadeus SA)
 - 5 man month (INT Evry)
- JBoss (a division of Red Hat)
 - announces their resources later
- Pardeep Soud
 - 1 part time (Coordination between WE an WAM)
- Roman Zulauf, Neville Kroeger
 - experiences ;-)

Resources (Team leader)

Responsible team leader for WE

- to be named (later on)

Responsible team leader for Desktop

- to be named

Responsible team leader for WAM

- to be named

Dissemination

ObjectWeb:

- dissemination
- Coordination with other projects
- align with OW2 practices (under definition)
